

Doc No. SKK/ HSEQ/ Env Policy/2026

ENVIRONMENT POLICY

SKK Infra Solutions Pvt. Ltd., a leading organization in exploration, mining and infrastructure projects, is committed to managing environmental risks responsibly and delivering sustainable operations. This policy aims to ensure protection of the environment, conservation of natural resources and compliance with applicable requirements across all our activities within the scope of our contracted work including project planning, execution and closure. It applies to all employees, contractors and business partners associated with our operations and shall operate in alignment with environmental policies, standards and requirements of client organizations at respective project sites.

Our Commitments

- Comply with all applicable environmental laws, regulations and other requirements. Where legislation is inadequate, adopt industry best practices.
- Comply with environmental requirements of client organizations and integrate with their site-specific environmental management systems.
- Implement and continually improve environmental management systems in line with ISO 14001:2015 and NABET accreditation requirements.
- Identify environmental aspects, assess risks and implement effective control measures.
- Conserve natural resources and promote efficient use of energy, water and materials.
- Reduce environmental footprint by adopting the principles of avoid, reduce, reuse, recycle and responsible disposal.
- Control air emissions and dust through proper maintenance of equipment and regular monitoring.
- Minimize waste generation and ensure safe handling, storage and disposal.
- Protect biodiversity and natural habitats in and around operational areas.
- Integrate environmental considerations into project planning, operations and project closure activities.
- Build awareness and competency of employees and sub-contractors through training and engagement.
- Extend environmental responsibility to contractors, suppliers and service providers.
- Monitor performance and strive for continual improvement in environmental outcomes.
- Communicate transparently with stakeholders and periodically review environmental performance to ensure continual and sustained improvement.

Top Management is committed to effective implementation of this policy across all sites. Project In-Charge and functional heads shall ensure compliance within their respective areas of control. This policy shall be reviewed periodically for continual improvement. This Policy is applicable to the Company and all its subsidiaries, associate companies and affiliates.
